

Microwave

Forget to cover food, cooked on hard mess, put about three tablespoons of vinegar to a cup of water and hit the beverage button, let set for a couple minutes and wipe clean.

Windows

Fill spray bottle with one forth vinegar and the rest water. Spray windows and wipe dry with newspaper. Yes, windows with no streaks!

Mini Blinds

Wipe with a fabric softener sheet. This will eliminates static and dust won't stick. This will work for your TV screen and computer monitor also.

Soap Scum

Any of the daily shower sprays work well and they are very inexpensive.

Kitchen Cabinets

[Murphy's Oil Soap](#) works well on all wood cabinets. Takes off grease and dirt and leaves cabinets looking great! Use as directed. For laminated cabinets, a few drops of Dawn in warm water works well.

Fireplace Glass

This may be hard to believe, but Awesome from the Dollar Store takes burnt on soot right off. Then, use vinegar and water like you did with windows and wipe with newspaper. Ah Ha, glass that shines.

Scuff Marks

[Mr. Clean Magic Eraser](#) takes scuff marks off walls and floors. It works on that ring around the tub too. And always remember to check your cleaning supplies about twice a month. Nothing like starting a cleaning project you can't finish.
